

EDUCATION AND RESEARCH DAY

The **HOW Collaborative** is a multidisciplinary group consisting of haematologists, obstetricians, midwives, anaesthetists, neonatologists and research assistants across Australia and New Zealand aiming to optimise health outcomes in haematology disorders in obstetrics and women's health – we have a vision of collaborative research, education and advocacy.

You are invited to our inaugural **Education and Research Day** at Prince of Wales Hospital, Sydney. We will be presenting current issues and evidence gaps, and then discussing opportunities to collaborate in clinical research. Topics include:

- ❖ Venous thromboembolism in pregnancy
- ❖ Thrombocytopenia in pregnancy
- ❖ Menorrhagia and anti-coagulation
- ❖ Iron management in pregnancy

A detailed program is attached. All health practitioners with an interest in haematologic disorders in pregnancy and women's health are welcome, including research nurses.

Where: Prince of Wales Hospital Functions Room
Ground Floor, North Wing, Edmund Blackett Building
Entrance on Avoca Street, Randwick, Sydney NSW

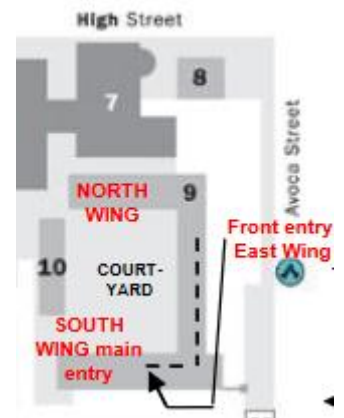

The building is a 20 minute drive from Sydney Airport. Parking is available at the University of New South Wales campus. The University and Hospital are accessible via bus from Central.

Cost: Free to attend. Food will be provided.

Date: **Friday April 7 2017**, 8:30 – 16:00
Registrations from 8:00am

Dinner: To follow at own expense. RSVP is essential.
The Cookhouse, 141 Belmore Road, Randwick from 6pm

Thanks to our sponsors:

Would you like to join us?
